

## **BROKEN LEG RESCUE**

**8-18-85**

### TEEN EVENT

Equipment: (to be furnished by club)

- 2 wooden poles - 1 1/4" to 1 1/2" diameter x 8 feet long
- 1 blanket
- 4 triangular bandages
- 1 flat splint boards - 3/4" x 3 1/2" x 30" long

Team: 4 unit members plus 1 victim furnished by club

Procedure: Unit is to line up at a line 10 feet from an 8-ft high wall. Victim will be lying on the ground on opposite side of wall. A 3/4" diameter rope will be attached to the top of the wall and hanging down the face of the wall. At the starting signal, all four team members scale wall, using rope if necessary. Team must pass all of the equipment listed above over the wall (throwing of the equipment over the wall will not be permitted).

Team then splints the victim's lower leg (YOUTH LEADERS HANDBOOK, page 248), makes a stretcher (YOUTH LEADERS HANDBOOK, page 250), places the victim on the stretcher and carries the victim across the finish line 40 feet away.

Scoring: Score will be the total elapsed time from the starting signal till the team is completely across the finish line.

Note: If the victim is dropped before the team is completely across the finish line the team will be disqualified. Also, the victim's leg must be splinted correctly or the team will be disqualified.
